This blog provides a regular comment on matters of concern to readers. It is often described as 'lively' 'enjoyable' and 'interesting'. The Tap is run by software professionals who don't invoice their work, but who have ordinary jobs and like everyone else, need some income from time to time. Hosting for the site also costs money each month. The Tap may be free but hosting it is not and with increased traffic comes increased costs. The Plot To Abolish England

Fri 10:41 pm +00:00, 30 May 2025 3

posted by Tapestry

Robin Tilbrook leader of The English Democrats gives many details as to why white working class English are regarded as expendable by British elites.

Who wants to get rid of England, and why?

The foundation of the movement to English independence from the UK is explained.

Many topics covered. Labour wants jury trials ended.

How Blair overhauled the British legal system inner workings. Effectively abolished the role of Lord Chancellor in appointment of judges.

Judges appointed since have been politically selected. The Judicial Appointments Commission. Criteria of life time commitment to equality and diversity.

Rape gangs operating against white English working class girls in fifty towns and cities.

Lucy Connolly.

Keir Starmer refers to far white thuggery despite no evidence of this.

Rape of underage girl gets lesser prison sentence than tweeters..

Two tier justice system. Peter Lynch suicide.

People are accepting things less and less. The legitimacy of the British State is breaking down.

People's awareness is growing. The total incompetence of people working fo the state is becoming well known as they are selected through wrong criteria.

1689 BIII Of Rights being overridden by political judges. Lady Hale blocked Parliament, selected politically.

Hundreds of qangoes – regulating politics. Need getting rid of.

The effect of mass immigration.

Get rid of the uniparty – the 2.5. parties who've facilitated the situation of English destruction.

Change the law to redefine citizenship

This undermines the legitimacy of the state.

British Army is down to 80,000. Tiny. Gurkhas? History.

An insurgency in the UK? Power. Water – Gas – Under attack?

57 minutes – The electoral system. Dysfunctional. Conservatives no longer right wing or patriotic. Net zero. Lockdown. Liberal/progressive globalist.

Iraq example.

Slavery. Africa. Suppressing slave trade aim of British.

Labour and Conservative could well change the electoral system to a more proportional system if Reform keeps coming on.

Election fixing common now. Example of Doncaster Mayoralty with 5000 votes for BNP found in the Labour vote pile on a recount.

Tower Hamlets – more than half of all votes were fraudulent.

Leftist tradition to rig elections.

Returning Officers are appointed by the ruling party in your local area. All the counters and supervisors of the voting are appointed.

Election petition costs £5,000 and must be brought within 21 days. Papers not produced by RO until 18 days after the poll.

Glenrothes byelection under Gordon Brown…..Exit polls showed SNP won it, but Labour won it by rigging postal votes by registering people in Glenrothes from all over the country.

SNP called for the papers. RO told them all the papers had disappeared.

An insurgent party needs multiple checkers at polling stations. A lot of funds. The system is designed by the establishment parties to hold off insurgent parties.

Worst problem is postal voting. Parties have watchers at postal vote opening, which tells them how much rigging is required.

Abolish postal votes.

Old peoples homes vote harvesting.

Robin Tilbrook of the England Democrats and Workers of England Union speaks with Resistance GB founder Will Coleshill on his work and the future of the country.

Tapestry says:

I can confirm that elections are sickeningly and blatantly rigged. I stood as Police Commissioner in West Mercia. The PARO (Police Area Returning Officer) was not embarrassed to openly hero worship the incumbent at the briefing of all the candidates and their agents. I was only allowed onto the ballot as the English Democrats candidate once they knew we had booked a postal campaign costing £25,000. How would it look when a million people received a leaflet when the candidate was not even on the ballot? There were endless shenanigans to block me, and it took the above to get past them only at the last minute, too late to get my message out in time for postal voting. Even then, the incumbent was clearly rattled by the postal vote when I

will be the rise of AI, 5G, the war on biology, Smart Technology, Geoengineering, Smart Cities, the war on food, full spectrum digital tracking and the weaponization potential of technology sold to us on the promise of an easier and more secure life.

There will be an evening bar for socializing and chat. Come along and have an interesting day out and mix with like-minded people.

+++ Bonus evening crop circle and paranormal presentation by AV's very own Matthew Williams. +++

Event hosted by Gary Fraughen.

At the one count which I was able to attend, Telford, my pile of votes was nearly level with his. As Telford was my least favourable vote out of the seven counts, I felt I had a good chance overall at that moment. The result at Telford, however gave me 3,000 to his 9,000 placing me last despite our piles being close in table after table (50 tables in all). I was around double the Lib Dem who was double Green on all the tables. The Shropshire Star reporter asked me how I had managed to land such a big vote as an unkown person standing for a previously unknown party. When the final result came, though, we were placed last below all the parties we had clearly defeated by a wide margin.

We have a mountain to climb to get anyone into any office. I got back my £5,000 deposit, but had no proper result from £25,000 of leafleting, and the voters were cheated. Many leaflets were delivered after the election by the Post Office. Some never made it. The appeal of the English Democrats worries the uniparty, who want Sabotage Farage to win – who will sign us into whatever when he gets there (if he does), and resign the leadership in favour of Britain's first Moslem Prime MInister.

That is a dismaying, but not surprising, comment Tap. The playing field is certainly not level and your words show just how steep the slope is, and how entrenched that the uniparty is too

Outsiders are clearly not welcome into the club. Which, to my mind, is all the more reason to barge in to the club uninvited and shake them all up, if at all possible. Not for the fainthearted that's for sure. So good luck and all power to you

I recall that Craig Murray told a similar tale to you too Tap. When he stood against his old boss, Labour's Jack Straw, in Blackburn. He said he was an outsider and that all the others on the ballot were insiders and pally, ie in the club. And that postal votes were manipulated, and that this formed a key part of the vote's official "result"
